

Mobile Gasoline Wood Chipper Shredder

This mobile chipper shredder reduces the volume of crushed material by 80%-90% for efficient transport. Driven by a gasoline engine and equipped with tires, it offers flexible movement for use in various locations.

Product Overview

Efficient Yard Waste Management

This powerful 212cc gasoline-powered chipper shredder is engineered for efficient processing of yard waste, including small brush, leaves, and branches. Designed for mobility and ease of use, it features a robust engine and a dual-input system with a dedicated chute for branches and a wide hopper for smaller debris. Its compact design and maneuverable wheels make it an essential tool for maintaining landscapes and preparing organic material for composting.

Engine & Performance

Max Output

6 HP

Power

3600 rpm

Speed

Engine Model	R210
Displacement	212 CC
Fuel Tank Capacity	0.6 L

Operational Capacity

Chipping Capacity	3 Inch
Shredding Capacity	0.5 Inch
Hopper Size	17-1/2" L x 15" W
Blade Diameter	4 Inch
Output Rotating Speed	1740 rpm

Physical Specifications

Net Weight	120 lbs
Wheel Diameter	12 Inch
Machine Dimensions	700 x 650 x 890 mm

Logistics

Packing Size	700 x 650 x 850 mm
40' GP Quantity	181
