

Engine & Power

Alternator Details

Feature	Specification
Type	Single Bearing
Protection	IP23
Insulation Class	H/H

Engine Type	Kubota
-------------	--------

Safety & Control

Control Module	Deepsea DSE6120
----------------	-----------------

Safety Protections	Low oil pressure, High water temp, High/low voltage, Overspeed, Emergency stop, Start failure
--------------------	---

Options & Accessories

Available Upgrades

- Battery charge
- Engine heater
- Alternator heater
- PMG
- Water oil separator
- Daily fuel tank
- Remote control panel
- Automatic transfer switch (ATS)
