

# Mobile Oil Drainer with Manual Pump

This mobile oil drainer is equipped with a manual pump for efficient oil transfer. It is designed for easy operation and high performance in draining oil from vehicles and machinery.

## ADDITIONAL IMAGES

## Overview

### Professional Oil Collection Solution

This mobile oil drainer is designed for efficient fluid management in automotive and industrial maintenance environments. Featuring a generous 75-liter capacity and a wide 42cm hopper, it streamlines the oil collection process while minimizing spills. The unit is built for durability and ease of use, incorporating a translucent polyethylene tank for quick fluid level checks and adjustable height settings to accommodate various vehicle lifts and service heights.
