Product Overview

High-Performance Dental Air Solution

This portable, oil-free air compressor is specifically engineered for medical and dental environments where clean, contaminant-free air is critical. Designed with a focus on quiet operation and mobility, it provides a reliable power source for sensitive clinical settings. Its durable construction and efficient design make it an essential tool for hospitals and clinics requiring consistent compressed air performance.

Technical Specifications

Power Source	AC Power
Voltage	220 V
Lubrication Style	Oil-Free
Compressor Type	Piston

Key Features

Operational Benefits

- Oil-free for clean air delivery
- Mute operation for noise-sensitive environments
- Portable and mobile design
- Suitable for dental and medical applications

Certifications	CE Certified
