

Mobile Tool Cart with Slide-Out Work Surface

This mobile tool cart is equipped with multiple drawers and storage compartments. It features swivel casters for maneuverability and a slide-out work surface.

Product Overview

Mobile Service Efficiency

This professional-grade mobile tool cart is engineered to streamline service and repair tasks for mobile service vehicles. It features multiple drawers and dedicated storage compartments to keep equipment organized and easily accessible. The integrated slide-out work surface provides an expanded area for tools, significantly enhancing productivity in field environments.
