

Mobile TV Cart for 32-55 inch Screens

This mobile TV cart features four locking wheels for easy movement. It is a perfect TV display solution for homes, offices, meeting rooms, and exhibition spaces.

Overview

Professional Mobile Display Solution

This durable mobile TV cart is engineered for versatility and stability in professional environments such as hospitals, schools, and corporate offices. Designed to accommodate flat-panel screens ranging from 32 to 55 inches, it features heavy-duty steel construction capable of supporting up to 30kg. With its effortless mobility provided by four locking wheels, this stand is an ideal solution for dynamic presentation settings like conference rooms and exhibition spaces.
