

Mobile TV Cart for 34-70 inch Flat Screens

This mobile TV cart features four locking wheels for effortless mobility. It is a perfect TV display that can move to any room in a home, office, or exhibition space.

Product Overview

Versatile Mobile Display Solution

This professional-grade mobile TV cart provides a flexible display solution for flat panel LED, LCD, and Plasma screens ranging from 34 to 70 inches. Constructed from high-grade steel and aluminum, the cart offers robust support for equipment up to 40kg. Featuring dual adjustable shelves and smooth-rolling locking casters, it is an ideal choice for corporate meeting rooms, exhibitions, and office environments requiring mobility and stable presentation equipment.
