

Mobile TV Cart with Projector Shelf for 32-55 inch Screens

This mobile TV cart features four locking wheels, providing effortless mobility. It is a perfect TV display solution for homes, offices, meeting rooms, and exhibition spaces.

Product Overview

Professional Mobile Display Solution

This heavy-duty mobile TV cart provides a stable and versatile display solution designed for professional environments like hospitals, classrooms, and exhibition halls. Constructed from high-grade steel with seamless tubing, it supports screens from 32 to 55 inches and includes both a dedicated projector shelf and a DVD shelf. The unit features four locking wheels for effortless mobility and secure placement, ensuring a reliable display wherever it is needed.
