

# Mobile TV Stand for 65-100 inch Screens

This mobile TV stand features four locking wheels for easy movement. It is perfect for displaying a TV in a home, office, meeting room, or exhibition space.

## Overview

### Professional Mobile Display Solution

This heavy-duty mobile TV cart is engineered for stability and durability, making it an ideal choice for hospitals, schools, corporate offices, and exhibition spaces. Designed to support large displays ranging from 65 to 100 inches, it features a robust high-grade steel and aluminum-alloy construction. With effortless mobility provided by four locking wheels, this stand ensures your presentation or digital signage can be easily relocated to any environment.
