Product Overview

Professional Mobile Display Solution

This versatile mobile TV stand offers a robust and portable mounting solution for large flat-panel displays ranging from 55 to 100 inches. Constructed from high-grade cold-rolled steel, it provides a stable and secure platform capable of supporting up to 100kg. Equipped with a convenient equipment shelf and smooth-rolling, lockable casters, it is an ideal choice for dynamic environments like conference rooms, classrooms, and trade shows.
