

Modern Aluminum Door and Drawer Handle

These modern handles are constructed from durable aluminum and feature a sleek, minimalist aesthetic. They are available in multiple lengths to suit different door and drawer sizes and incorporate a square profile for a comfortable grip.

Product Overview

Modern Aluminum Handle Series

This series of modern aluminum handles features a sleek, minimalist aesthetic designed to elevate contemporary furniture and cabinetry. Constructed from durable aluminum with a sophisticated brushed finish and polished chrome accents, these handles offer both longevity and style. The square profile grip ensures a comfortable and secure hold, making them an ideal choice for diverse door and drawer applications.
