## Product Overview

### Modern Outdoor Lighting Solutions

This collection of modern outdoor garden lights features a sleek, minimalist design perfect for enhancing residential and commercial landscapes. Constructed from durable die-cast aluminum with a weather-resistant powder-coated finish, these fixtures are built for longevity in outdoor environments. With options ranging from path lights to wall-mounted styles, they provide ambient illumination while utilizing energy-efficient LED technology.

## Technical Specifications

### IP Rating

IP54

Item Number	YMH1521
Power Consumption	15 W
Color Temperature	3000 K
Luminous Flux	634 lm
Beam Angle	101 °
CRI	83
Input Voltage	220-240V~ 50Hz
Power Factor	0.97

## Construction & Materials

Body Material	Die-cast aluminium
Finish	Powder coated with pretreatment
Diffuser	Frost glass
Sealing	Silicon rubber gasket

## Dimensions

Dimensions (LxHxW)	109 x 270 x 154 mm
