

# Modular Plastic Conveyor Belt for Pallet Transporting

This modular plastic conveyor belt is designed for efficient and reliable pallet transport. Its durable construction ensures a long service life in demanding industrial environments.

## ADDITIONAL IMAGES

## Overview

### Modular Plastic Conveyor Belt

This modular plastic conveyor belt is engineered for efficient and reliable pallet transportation. Featuring a robust design capable of handling heavy loads up to 1.2 tons per square meter, it offers exceptional durability and resistance to wear. The modular construction allows for easy maintenance, customization, and quick replacement of individual sections, significantly reducing operational downtime.

## Technical Specifications

Pitch	50.8 mm
Thickness	23 mm
Minimum Width	163 mm
Rod Diameter	8 mm
Open Area	0%
Certifications	FDA, EU Approved

## Design Features

### Available Colors

- White
- Blue
- Gray
- Nature
- Dark-brown

### Sprocket Options

- 12T
- 15T
- 18T

### Material Options

PP, POM, PE, PA

## Performance Metrics

### Maximum Load Capacity

**1.2 tons/sqm**

Max Load

### Configuration

No Flight • No Side Guard • Straight Run Only

### Working Temperature

-40°C to 260°C

## Applications

### Industries Served

Category	Industries
Food Industry	Meat, Poultry, Seafood, Bakery, Snacks, Fruits & Vegetables
Non-Food Industry	Automotive, Tire, Packaging, Printing, Postal, Cardboard, Can, PET, Textile
