Product Overview

Modular Plastic Conveyor Belt for Spiral Conveyors

This modular plastic conveyor belt is engineered specifically for spiral conveyor systems, providing a reliable and efficient solution for vertical product transport. Constructed from durable, food-grade materials, it offers excellent resistance to wear and environmental factors while ensuring smooth product transfer. Its modular design simplifies installation and maintenance, making it an ideal choice for industries requiring space-saving, continuous flow solutions.

Technical Specifications

Pitch	19.05 mm
Minimum Width	400 mm
Curve Capable	Yes
Flight Equipped	No
Side Guard	No

Materials & Compliance

Regulatory Compliance

FDA • EU

Available Colors

- White
- Blue
- Gray
- Nature
- Dark-brown

Material Composition

PP, POM, PE, PA

Performance Metrics

Working Temperature

-40 °C

Minimum Temp

260 °C

Maximum Temp

Max Load Capacity

1.2 tons/sqm

Applications

Industry Suitability

Sector	Industries
Food Industry	Meat, Poultry, Sea Food, Bakery, Snack Food, Fruit & Vegetables
Non-food Industry	Automotive, Tire, Packaging, Printing, Postal, Cardboard, Can, PET, Textile
