Product Overview

High-Grade Moisture-Resistant Silk Rope

This high-grade mulberry silk rope is expertly engineered for superior moisture resistance, making it an ideal choice for demanding agricultural and construction environments. Designed for reliability in wet and humid conditions, it offers exceptional durability for lifting and securing applications. The rope is available in a wide range of diameters to suit various machinery and load requirements.

Certifications

Safety & Compliance

TÜV Rheinland • GS Certified • CE Marked

Technical Specifications

Diameter, Density, and Breaking Load

Diameter (mm)	Line Density (G/M)	Breaking Load (KN)
6	19±0.3	4.5
8	42±0.5	6.9
10	61±1.0	9.2
12	90±1.0	12.4
14	115±1.5	16
16	155±1.5	20
18	190±2.0	25
20	220±3.0	30
22	266±3.0	36
24	315±4.0	41

Product Features

Recommended Use

- Agricultural construction machinery
- Cranes
- Lifting equipment
- Rigging

Material

High-grade mulberry silk

Weaving Options

Weaving, Braiding
