Product Overview

Precision Measurement Tool

This monoblock vernier caliper is engineered for high-precision measurement tasks in engineering, manufacturing, and quality control environments. Constructed from solid, hardened stainless steel, it offers exceptional durability and resistance to wear. The tool features a satin chrome finish with distinct, etched lines and figures, ensuring clear readability and long-lasting accuracy in accordance with DIN862 standards.

Measurement Capabilities

Measuring Range

150 mm
Metric Range

6 in
Imperial Range

Measurement Applications

- Outside Diameter
- Inside Diameter
- Step Measurement
- Depth Measurement
