

# Morse Taper Shank Twist Drill Bit

This high-speed steel (HSS) twist drill bit features a Morse taper shank. It is manufactured according to DIN 345 standards for secure mounting in machine tools and efficient drilling in various materials including metal, wood, and plastic.

## Product Overview

### Professional Morse Taper Shank Twist Drill

This high-speed steel (HSS) twist drill bit is engineered for precision and durability in industrial applications. Designed to meet the stringent DIN 345 standard, it features a reliable Morse taper shank for secure mounting in heavy-duty machine tools. It provides efficient drilling performance across a wide range of materials, including metal, wood, and plastic, making it a versatile addition to any workshop.

## Technical Specifications

Material Composition	High-Speed Steel (HSS)
Standard	DIN 345
Shank Type	Morse Taper

## Performance

Primary Application	Industrial • Professional
Compatible Materials	Metal, Wood, Plastic
