

Motion Sensor LED Cabinet Light

This LED cabinet light features a motion sensor for automatic activation in closets and cabinets. Its energy-efficient LED technology provides bright illumination and can be easily installed with adhesive backing or screws.

Product Overview

Smart Motion-Sensing Illumination

This versatile LED cabinet light features an integrated motion sensor with a 5-meter detection range, providing convenient, hands-free lighting for dark spaces like closets and cabinets. Designed for energy efficiency, it utilizes advanced COB LED technology to deliver 220 lumens of brightness. The unit offers flexible operation modes including 'ON', 'OFF', and 'AUTO', making it an ideal solution for enhancing visibility and safety in various household or commercial applications.

Technical Specifications

Performance Highlights

3 W

Wattage

220 LM

Luminous Flux

5 M

Sensor Range

Color Temperature	3000K - 6500K
Power Source	DC 1.5V (3x AA Batteries)
LED Chip Type	2 pcs COB

Physical Dimensions

Lamp Dimensions	22.0 x 2.5 x 4.5 cm
