Product Overview

High-Performance Carburetor Replacement

This HU02 carburetor is engineered as a precise replacement part for specific motorcycle and scooter engines. Designed to meet or exceed OEM specifications, it ensures optimal fuel delivery and consistent engine performance. Its durable construction provides long-lasting reliability, making it an ideal choice for maintenance and repair projects requiring a direct, hassle-free fit.

Technical Specifications

Precision-engineered 20mm inner diameter intake for optimal airflow.

Engineered to deliver the precise fuel mixture required for smooth engine operation.

Inner Diameter	20 mm
Model Identifier	HU02
Compatible Engine Series	CUB100, CUB110, DY100

Application & Features

Designed for direct fitment to ensure easy installation on compatible engine blocks.

Key Features

- Optimized fuel-air mixture for better combustion
- Direct OEM-spec replacement
- Durable construction for daily use
- Designed for easy installation

Vehicle Compatibility

Motorcycle • Scooter
