Product Overview

High-Performance Drive System

This motorcycle drive chain and sprocket set is engineered for optimal power transfer and enhanced acceleration. Constructed from high-carbon, hardened steel, the components feature a precision-engineered tooth profile that ensures smooth chain engagement and reduced wear. Designed for durability and reliable performance, this kit provides an extended lifespan even under demanding riding conditions.

Technical Specifications

Included Components

- Drive Chain
- Front Sprocket
- Rear Sprocket

Material	High-carbon hardened steel
Surface Finish	Corrosion-resistant coating
Key Specifications	428-36T, 428 Pitch

Performance Features

Performance Highlights

1 Optimal

Power Transfer Efficiency

1 High

Wear Resistance
