

Motorcycle Drive Sprocket 520 Pitch 32 Teeth

This motorcycle drive sprocket is designed for optimal power transfer and durability. It features precision-cut teeth for smooth chain engagement, a 520 chain pitch, and 32 teeth.

Product Overview

High-Performance Drive Sprocket

This motorcycle drive sprocket is engineered for optimal power transfer and exceptional durability. Featuring precision-cut teeth, it ensures smooth chain engagement and significantly reduced wear over time. Constructed from hardened steel, this component is built for long-lasting performance in demanding riding conditions.
