Product Overview

High-Performance Drive Sprocket

This high-performance motorcycle sprocket is precision-engineered to provide optimal power transmission and long-lasting durability. Constructed from high-strength 1045 steel, it features an enhanced tooth profile designed for smooth chain engagement and reduced wear. Its robust design ensures reliable performance under demanding riding conditions, making it an ideal upgrade for consistent power delivery.

Technical Specifications

Material Grade	1045 Steel
Tooth Count	14 T
Key Features	Hardened Steel, Precision Machined, Corrosion Resistant, Reduced Wear Profile
