

Motorcycle Engine Piston Ring Set

Motorcycle piston rings ensure proper sealing of the combustion chamber. These rings are designed to maintain compression and optimize engine performance.

Part No.	Part Name	Material	Quantity	Notes
PR-001	Piston Ring	Cast Iron	2	Standard
PR-002	Piston Ring	Steel	2	High Performance
PR-003	Piston Ring	Chromium	2	Wet Sump
PR-004	Piston Ring	Cast Iron	2	Standard
PR-005	Piston Ring	Steel	2	High Performance
PR-006	Piston Ring	Chromium	2	Wet Sump
PR-007	Piston Ring	Cast Iron	2	Standard
PR-008	Piston Ring	Steel	2	High Performance
PR-009	Piston Ring	Chromium	2	Wet Sump
PR-010	Piston Ring	Cast Iron	2	Standard
PR-011	Piston Ring	Steel	2	High Performance
PR-012	Piston Ring	Chromium	2	Wet Sump
PR-013	Piston Ring	Cast Iron	2	Standard
PR-014	Piston Ring	Steel	2	High Performance
PR-015	Piston Ring	Chromium	2	Wet Sump
PR-016	Piston Ring	Cast Iron	2	Standard
PR-017	Piston Ring	Steel	2	High Performance
PR-018	Piston Ring	Chromium	2	Wet Sump
PR-019	Piston Ring	Cast Iron	2	Standard
PR-020	Piston Ring	Steel	2	High Performance
PR-021	Piston Ring	Chromium	2	Wet Sump
PR-022	Piston Ring	Cast Iron	2	Standard
PR-023	Piston Ring	Steel	2	High Performance
PR-024	Piston Ring	Chromium	2	Wet Sump
PR-025	Piston Ring	Cast Iron	2	Standard
PR-026	Piston Ring	Steel	2	High Performance
PR-027	Piston Ring	Chromium	2	Wet Sump
PR-028	Piston Ring	Cast Iron	2	Standard
PR-029	Piston Ring	Steel	2	High Performance
PR-030	Piston Ring	Chromium	2	Wet Sump

Product Overview

High-Performance Engine Components

This piston ring set is engineered for optimal engine performance and durability across a wide range of motorcycle models. Designed to support engines from 50cc to 750cc, these components ensure a precise seal for improved compression and oil control. Available in various materials including cast iron, steel, and chromium, these rings are built to meet the rigorous demands of both daily commuting and rugged off-road environments.

Technical Specifications

Engine Capacity Range

50 cc

Minimum Displacement

750 cc

Maximum Displacement

Available Materials

Cast Iron, Steel, Chromium

Compatibility Details

Model Compatibility & Specifications

Model	Cylinder Diameter (mm)	Material Code
Dio 50	39	403903P
Chunlan 50	39	403901P
Haomai 50	39	403908P
Leader 50	40	404001P
QM50 / TB50	41	404106P
Qingqi 60	43	404301P
Honda JH70 / Dayang	47	404709P
Suzuki AX100	50	405003P
GY6 / Haomai 125	52.4	4052E3P
Changjiang 750	78	407801P
