

Motorcycle Exhaust Pipe with Dual Outlet

This exhaust pipe is designed for motorcycle applications. It is constructed from durable materials and features a dual outlet design and muffler for noise reduction.

Product Overview

Durable Exhaust Solution

This durable exhaust pipe is specifically engineered for agricultural and motorcycle applications, ensuring efficient gas expulsion for optimal engine performance. Featuring a robust dual-outlet design and an integrated muffler, it effectively balances power delivery with noise reduction. Built to withstand demanding environments, this pipe offers long-term reliability and resistance to wear and tear.

Technical Specifications

Design Features

- Dual outlet configuration
- Integrated muffler for noise reduction
- Mounting flanges included for easy installation

Durability

Wear Resistant • Heavy Duty

Application

Motorcycle, Agricultural Machinery, Farmer Car
