

Motorcycle Foot Pegs with Rubber Sleeves

These motorcycle foot pegs are made from cast metal with a gray finish. They include black rubber sleeves to provide better grip and comfort.

Product Overview

Durable Motorcycle Foot Pegs

These motorcycle foot pegs are engineered for reliability and rider comfort during operation. Constructed from high-quality cast metal with a durable gray finish, they provide a stable platform for the rider. Each peg features a black rubber sleeve, which is designed to enhance grip and reduce vibration for a more secure and comfortable riding experience.
