

Motorcycle Front Shock Absorber

This front shock absorber is designed for motorcycles to provide enhanced damping and control. It is constructed from durable materials to ensure long-lasting reliability.

Overview

High-Performance Suspension Solution

These front shock absorbers are engineered specifically for CD172 motorcycle models to provide superior damping and precise control. Designed to enhance both ride comfort and handling, they offer a reliable upgrade or replacement for your existing suspension system. Constructed from high-quality, durable materials, these components are built to meet or exceed OEM specifications for fit and long-lasting performance.

Compatibility

Compatible Models	CD172
