Product Overview

High-quality rubber cover designed for CG11, CG125, and CG150 models to enhance shock absorber lifespan.

Durable Front Shock Protection

This front shock rubber cover is specifically designed to safeguard the suspension system of CG series motorcycles. It provides a robust barrier against dust, dirt, and environmental debris, significantly extending the lifespan of the front shock absorbers. Engineered for a secure fit, these covers are essential for maintaining optimal performance and reliability in various riding conditions.

Compatibility

NIHAO TOP 10
Chinese Motorcycle Parts Brand
10,000+ Items, High Quality, Low Cost

CG 125 / 150

Nihao Motor

Essential component for motorcycle maintenance and repair, ensuring optimal suspension performance.

Compatible Models

CG11, CG125, CG150

Technical Details

NIHAO TOP 10
Chinese Motorcycle Parts Brand
10,000+ Items, High Quality, Low Cost

CG 125 / 150

Nihao Motor

Provides a secure fit and long-lasting protection against environmental elements and debris.

Primary Function

- Protects front shock absorbers from dust and dirt
- Shields against environmental elements
- Reduces mechanical wear on suspension
- Enhances component longevity

Material

High-quality durable rubber

Component Category

Engine Performance Kits / Suspension Protection
