

Motorcycle Gas Rear Shock Absorber for Monkey Bikes

This gas rear shock absorber is designed for Monkey motorcycles. It features adjustable damping and robust construction for enhanced stability and ride comfort.

Product Overview

High-Performance Suspension Upgrade

This gas rear shock absorber is specifically engineered for Monkey bike tuning, designed to deliver superior handling and enhanced ride comfort. Featuring a robust construction with a red canister for increased oil capacity and cooling, it ensures stable performance for both on-road and off-road riding conditions. It is an ideal upgrade for riders seeking improved control and durability in their suspension system.

Technical Specifications

Mounting Hole Diameter	10 mm
Center Distance	280 mm

Features
