

Motorcycle Lower Engine Guard for CB190R/CBR190

This motorcycle engine cover is designed for CB190R/CBR190 models. It provides protection to the engine's lower section, shielding it from road debris and potential damage.

Product Overview

Engine Protection and Styling

This lower engine guard is specifically engineered for CB190R and CBR190 motorcycle models. It provides essential protection to the lower engine section, shielding critical components from road debris and potential impact damage. Designed with both functionality and aesthetics in mind, it offers a precise fit and is available in multiple color options to enhance the motorcycle's appearance.
