

Motorcycle Luggage Case 24L Capacity

This motorcycle luggage case provides 24L of storage. It is made from durable black polymer and includes a locking mechanism and reflective safety features.

Product Overview

Robust Motorcycle Storage Solution

The VTC2006 luggage case provides a durable and secure storage solution for motorcycle riders. Constructed from impact-resistant black polymer, it features integrated safety elements including reflective strips and a rear reflector to ensure visibility in low-light conditions. Designed for versatility, this case includes a sturdy handle for portability and a reliable locking mechanism for content security.
