Product Overview

High-Performance Motorcycle Spark Plugs

These motorcycle spark plugs are engineered to deliver reliable ignition and improved fuel efficiency under various operating conditions. Available in a wide range of configurations including Iridium-platinum, multi-ground, V-cut, and Nickel copper variants, they are designed to meet diverse engine requirements. Built with durable materials to withstand high temperatures and pressures, these plugs ensure smooth engine starting and consistent performance.

Technical Specifications

Available Models

- A7TC
- A7T
- D8TC
- 3K6RE

Electrode Configurations

Iridium-platinum, Multi-ground electrode, V-cut center-electrode, Surface-sparking, Nickel copper, V-groove center-electrode

Compatibility & Standards

Compatible Brands

NGK • DENSO • CHAMPION • BOSCH

Execution Standard

GB7825-8
