

# Mounted Flap Wheel 50x25mm, 80 Grit Abrasive

This abrasive flap wheel has a mounted shaft and features 80 grit. It is suitable for grinding, blending, and finishing applications using die grinders and rotary tools.

## Product Overview

### Professional Grade Mounted Flap Wheel

This mounted flap wheel is designed for versatile grinding, blending, and finishing applications. Featuring an 80 grit abrasive, it provides an effective balance between material removal and surface refinement. It is engineered for compatibility with die grinders and rotary tools, making it an essential tool for metalworking, woodworking, and general surface preparation tasks.

## Technical Specifications

Diameter	50 mm
Width	25 mm
Grit	80

## Performance Metrics

### Maximum Speed

**15300 RPM**  
Max RPM

## Applications

### Compatible Tools

- Die Grinders
- Rotary Tools

Compatible Materials	Metal, Wood
