

Multi-Door Stainless Steel Refrigerator

This multi-door refrigerator features a stainless steel finish. The unit has a French door style at the top and multiple pull-out freezer drawers at the bottom to maximize storage and accessibility.

Product Overview

Professional Multi-Door Refrigerator

This high-capacity multi-door refrigerator features a premium stainless steel finish designed for modern professional environments. The unit utilizes a French door configuration on the top section for easy access to fresh food, complemented by multiple pull-out drawers at the base for organized freezer storage. Equipped with an integrated digital display, it offers precise control and monitoring for optimal food preservation.
