

Multi-Function 4.2L Stand Mixer

This multi-function stand mixer has a 4.2L capacity plastic mixing bowl and an 8-speed level control. The stand mixer also features an automatic shut-off system and soft start to minimize splatter, along with an aluminum dough hook and beater and a dust-proof splash guard.

Product Overview

Professional Performance in Your Kitchen

This multi-function stand mixer is designed to handle a wide range of culinary tasks with ease and efficiency. Equipped with a robust 600W motor and 8 distinct speed settings, it provides the versatility needed for everything from delicate mixing to heavy dough kneading. The inclusion of essential accessories like a splash guard and specialized attachments ensures a clean and consistent baking experience.
