

Multi-Function Kitchen Appliance: Blender, Coffee Maker, and Juicer

This multi-functional appliance combines a blender, coffee maker, and juicer. It is designed to simplify beverage preparation and save counter space.

Product Overview

Professional Concrete Mixing Solution

The JH35C portable concrete mixer is engineered for efficiency in small to medium-sized construction environments. Built with a robust steel frame and heavy-duty drum, it provides reliable performance for mixing concrete, mortar, and various building materials. Designed for mobility and ease of use, this unit features an electric motor and a convenient tilting mechanism for precise pouring, making it an essential tool for contractors and construction sites.

Technical Specifications

Model	JH35C
Power Source	Electric Motor
Drum Material	Heavy-duty Steel

Features

Key Features

- Robust steel frame construction
- Integrated wheels for easy transportation
- Protective motor housing
- Tilting mechanism for controlled pouring

Ideal Applications	Construction Sites, Contractors, DIY Projects, Mortar Mixing, Concrete Preparation
