

Multi-Function Kitchen Appliance for Blending, Coffee Making, and Juicing

This multi-functional appliance combines blending, coffee making, and juicing into one unit. It features durable construction and an efficient motor for versatile blending capabilities.

Product Overview

Versatile Kitchen Solution

This high-speed multi-functional appliance is designed to streamline your kitchen tasks by combining blending, coffee making, and juicing capabilities into one efficient unit. Built with a durable mix of stainless steel and plastic, it offers reliable performance for daily use. With multiple power and capacity options available, it is an ideal choice for versatile food and beverage preparation.

Technical Specifications

Power Output

300 W

Base Power

350 W

Max Power

Model	BL-378
Voltage Compatibility	110V, 220V, 230V, 240V, 250V
Operating Frequency	50/60Hz

Design & Build

Materials

Stainless Steel • Plastic

Available Capacities

- 1000ML
- 1250ML
- 1500ML

Logistics

Carton Dimensions	52.5 x 39.5 x 43.5 cm
