

Multi-Function Wire Stripper Crimper

This multi-function tool is designed for stripping and crimping wires. It features adjustable stripping jaws for handling various wire sizes, along with insulated and non-insulated crimping capabilities.

Product Overview

Professional Multi-Function Tool

This multi-function wire stripper and crimper is engineered for precision and durability. Constructed from high-quality #45 carbon steel with a heat-treated black finish, it is designed to withstand rigorous daily use. The ergonomic TPR+PP handle ensures comfort and control, making it an essential tool for electrical wiring and maintenance tasks.
