

Multi-Functional Food Processor with Attachments

This food processor offers fine quality and good price. It features a new style with multiple attachments for versatile food preparation.

Overview

Versatile Culinary Solution

This multi-functional food processor is designed to streamline kitchen operations, offering either 7-in-1 or 10-in-1 functionality depending on your specific needs. With a robust 550W motor and stainless steel construction, it efficiently handles chopping, blending, grinding, and kneading tasks. Its compact 1000ml capacity bowl and user-friendly rotary controls make it an essential tool for professional food preparation environments.

Technical Specifications

Power Output	550 W
Voltage	100-240V AC 50/60Hz
Bowl Capacity	1000 ml

Features

Control Interface

- Rotary switch
- 2 speed settings
- Pulse function

Functionality

Chopping, Shredding, Slicing, Granulating, Kneading, Emulsifying, Citrus Pressing, Blending, Grinding

Construction

Safety and Stability

Anti-slip rubber feet • Easy to clean base • Stainless steel blades

Housing Material

Stainless Steel
