

Multi-Grater Set with Catch Containers

This multi-grater set includes three different graters, each with a corresponding catch container. The graters feature stainless steel blades for efficient grating, and the containers are made of durable plastic.

Product Overview

Efficiency in the Kitchen

This multi-grater set is designed for high-efficiency food preparation, featuring three distinct grating styles to handle cheese, vegetables, and more. Each unit includes a dedicated catch container, allowing for direct collection of ingredients to streamline workflow and minimize cleanup. Built with durable stainless steel blades, this set is an essential tool for professional kitchen environments requiring precision and convenience.
