Product Overview

High-Efficiency Indoor Air Purification

This multi-layer filtration air purifier is designed to significantly improve indoor air quality by effectively removing formaldehyde, PM2.5, and TVOCs. It features a compact design suitable for spaces between 8 and 14 square meters, making it ideal for bedrooms or small offices. With a particle purification efficiency of 99.99% and multiple operational modes, it ensures a healthier living environment with minimal noise.

Performance Metrics

Purification Efficiency	99.99 %
PCADR	120 m3/H
PCCM Rating	P1

Technical Specifications

Power Consumption	20 W
Noise Level	61 dB(A)
Net Weight	2.8 Kg
Suitable Area	8-14 m2

Features & Modes

Smart Features

- Child lock
- Timer
- Filter change reminder

Operational Modes	3 Speed Mode, Auto Mode, Ultra-silence Mode
