

Multi-Purpose Anti-Rust Lubricant

This multi-purpose lubricant drives out moisture, stops squeaks, and cleans surfaces. It is suitable for applications needing rust prevention and the freeing of sticky mechanisms.

Product Overview

Professional Multi-Purpose Lubricant

This multi-purpose anti-rust lubricant is engineered to provide comprehensive maintenance for vehicles, marine equipment, and industrial machinery. It effectively drives out moisture, eliminates operational noise, and protects surfaces from corrosion. Designed to loosen rusted parts and free sticky mechanisms, this versatile solution is an essential tool for ongoing equipment upkeep.

Technical Specifications

Volume	450 ML
Country of Origin	China

Features & Benefits

Key Functions

- Drives out moisture
- Stops squeaks and reduces noise
- Cleans and protects surfaces
- Loosens rusted parts
- Frees sticky mechanisms

Suitable Applications	Vehicles, Ships, Industrial Machinery, Tools
