

# Multi-Tiered Coffee Cup Warmer

This multi-tiered warmer is designed to keep coffee cups heated and ready for use. It helps maintain optimal temperature, preventing the coffee from cooling too quickly.

## ADDITIONAL IMAGES

## Product Overview

### Professional Cup Warming Solution

This multi-tiered coffee cup warmer is designed to optimize workflow in professional coffee environments. Featuring a robust metal frame and a three-tier shelving system, it efficiently organizes and preheats cups to ensure the perfect serving temperature. Its compact footprint and integrated lighting make it an ideal addition to any coffee machine setup, enhancing both functionality and presentation.

## Technical Specifications

### Output Power

**100 W**

Output Power

### Nominal Voltage

AC220V/50Hz

## Dimensions & Weight

### Dimensions (W x D x H)

310 x 370 x 450 mm

### Net Weight

11 kg
