

Multifunction Rechargeable Emergency Lantern with Radio and Siren

This rechargeable multifunction lantern features twin fluorescent tubes, a digital clock, and an AM/FM radio. It also includes a built-in torch, emergency blinker, and siren for versatile use.

Product Overview

Versatile Emergency Solution

This multifunction rechargeable lantern is designed for reliability during power outages and outdoor emergency scenarios. It integrates essential tools including dual 6W fluorescent tubes, an AM/FM radio, an electric clock, and an audible siren. With its rotatable lamp design and automatic activation during power failures, this unit serves as a critical safety component for any facility or emergency kit.
