

Multifunctional High-Speed Food Blender

This high-speed multifunctional food blender is designed for efficient food processing. It features a durable motor, multiple speed settings, and a robust blending jar, making it ideal for smoothies, soups, and sauces.

Product Overview

Professional High-Speed Blending

This multifunctional high-speed food blender is engineered for maximum efficiency in commercial and professional kitchen environments. It features a robust motor design paired with precision stainless steel blades to handle a wide range of tasks, from smooth purees to heavy-duty sauce preparation. With safety-first engineering and easy-to-clean modular parts, this appliance ensures both operational reliability and hygiene in high-paced settings.

Technical Specifications

Power Rating	300 W
Voltage/Frequency	220-240V, 50/60Hz
Jar Capacity	1.5 L

Material & Construction

Materials Used	BPA-free plastic, Stainless steel
----------------	-----------------------------------

Features

Safety Systems

Safety lock mechanism

Suitable Applications

- Smoothies
- Soups
- Sauces
