Overview

Versatile Kitchen Solution

This multifunctional appliance serves as a comprehensive food preparation center, combining juicing, chopping, blending, and grinding capabilities in one compact unit. Designed for efficiency and durability, it features a stainless steel housing and a robust motor to handle various kitchen tasks with ease. With its modular design and multiple attachments, this device simplifies food prep while saving valuable counter space.

Technical Specifications

Power Rating

800 W
Max Power

600 W
Min Power

Electrical Requirements

AC220-240V, 50/60Hz

Capacity & Components

Component Capacities

Component	Capacity
Juice Jar	1000 ml
Blending Jar	1500 ml
Pulp Container	2.0 L
Food Chopper	500 g
Dry Mill (Grinder)	60 g
Food Processor (Optional)	2000 ml

Design & Features

Safety & Stability

- Built-in safety system
- Anti-slip feet

Materials

Stainless Steel Housing, Stainless Steel Blade, Stainless Steel Filter

Feed Tube Diameter

75 mm

Operation

Control Settings

Two Speed Control • Pulse Function
