Overview

Versatile Kitchen Automation

This multifunctional kitchen robot serves as an all-in-one culinary assistant capable of mixing, juicing, chopping, and cooking. With its integrated heating system and precise motor control, it handles everything from dough making to steaming and soup preparation. Designed for modern professional kitchens, it offers automated programs and safety features to ensure consistent and efficient meal preparation.

Technical Specifications

Power & Performance

400 W

Motor Power

800 W

Heating Power

2.2 L

Bowl Capacity

Temperature Settings

- 37°C
- 80°C
- 90°C
- 100°C
- 120°C

Operating Speed

3300 rpm

Features

Automatic Cooking Programs

Soup, Dessert, Slow cook, Dough, Ice crush

Safety Protections

Motor Over-heating protection, Dry boil protection, Insulative safety construction

Certification

Standards & Compliance

CE • EMC • LVD • GS • CB • LFGB • DGCCRF • RoHs

Logistics

Dimensions & Weights

Specification	Value
Unit Dimensions	300 x 275 x 300 mm
Carton Net Weight	3.7 kgs
Carton Gross Weight	5.8 kgs
