

MZ2000 Coating Spray Gun

This high-performance spray gun is designed for a variety of coating applications. It features adjustable settings for controlling spray pattern and material flow.

Product Overview

Professional Coating Solution

The MZ2000 Coating Spray Gun is a high-performance tool engineered for consistent, professional-grade atomization. Designed with a durable construction, it provides the reliability needed for demanding automotive, industrial, and woodworking applications. The unit features precise adjustment controls for spray patterns and material flow, ensuring versatility across a wide range of paints and primers.

Technical Features

Compatible Materials

- Paints
- Primers
- General Coatings

Suitable Applications

Automotive, Industrial, Woodworking

Control Settings

Adjustment Controls

- Spray pattern adjustment
- Material flow control

Performance Key Metrics
