

Nail-In Cable Clips

These cable clips feature a C-type design with an inserted nail for easy application. They are used to fasten pipes or cables to surfaces.

Product Overview

Professional Cable Management Solution

These nail-in cable clips feature a C-type design with pre-inserted steel nails for fast and secure installation. Manufactured from high-quality PE material, they offer excellent elasticity and impact resistance, ensuring long-term durability without breaking. They are an ideal solution for fixing wires, cables, and pipelines neatly along walls in residential or commercial environments.

Technical Specifications

Material	PE (Polyethylene)
Clip Types	Round, Flat, Hook, Pipe Clip
Available Colors	White, Grey, Custom Colors Available

Key Features

Performance Features

- High elasticity for secure fit
- Impact resistant and unable to be broken easily
- High durability for long-term use
- Easy application with pre-inserted nails

Compliance & Quality

Certifications

ISO9001 • CE • RoHS

Sizing Table

Size Specifications

Item No.	Height (mm)	Circle Path D (mm)	Nail Size (mm)
CE-4mm	5.3	4	1.7x14
CE-6mm	7.4	6	1.85x16
CE-8mm	9.4	8	1.95x19
CE-10mm	11.4	10	2.20x23
CE-12mm	13.4	12	2.20x25
CE-16mm	19	16	2.35x32
CE-20mm	22.2	20	2.7x40
CE-25mm	27.7	25	3.1x50
CE-32mm	35.6	32	3.5x55
CE-40mm	45.2	40	3.5x65
