

Neoprene Immersion Suit with Buoyancy Pillow

This one-piece marine immersion suit is designed for thermal protection and buoyancy. It is made from 5mm thick neoprene and includes an integrated buoyancy pillow.

Product Overview

Professional Marine Immersion Suit

The RSF-II Immersion Suit is a high-performance personal life-saving appliance designed for seagoing ships and offshore platforms. Constructed from 5mm neoprene, it provides essential thermal insulation and buoyancy, eliminating the need for an additional lifejacket. Each unit is rigorously tested to meet international safety standards, ensuring reliability in emergency maritime conditions.
