

Ni-MH Ni-CD Rechargeable Battery

Rechargeable Ni-MH Ni-CD battery provides power to electronic devices. It is designed for long-lasting performance and reliability.

Overview

Reliable Rechargeable Power

These Ni-MH AAA rechargeable batteries are engineered for consistent, long-lasting performance in a variety of electronic devices. With a capacity of 1000mAh, they offer a dependable power source for remote controls, toys, and other low-drain electronics. By choosing this rechargeable solution, users benefit from a cost-effective and environmentally friendly alternative to single-use disposable batteries.

Technical Specifications

Capacity

1000 mAh
Capacity

Battery Chemistry	Ni-MH, Ni-CD
Battery Size	AAA

Usage & Benefits

Ideal Applications

- Remote controls
- Toys
- Low-drain electronic devices

Environmental Impact

Rechargeable • Eco-friendly • Cost-effective
